Belgium 2017

La Belgique
est un État fédéral qui se compose
des communautés et des régions
Art. 1er, al. 1er de la Constitution

Les 3 communautés:

La Communauté
famande La Communauté
française La Communauté
germanophone

Les 3 régions:

La Région
Famande La Région de
Bruxelles-
Capitale La Région
wallonne

Brussels Metropolitan Community

Belgian law, 22-08-2012

Members

- 3 Belgian regions
- Federal state
- 111 municipalities (ancient province of Brabant)
- + voluntary: Provinces Flemish & Walloon Brabant

Importance

- confirmation of the metropolitan dimension of Brussels
- place for discussion between the 3 Belgian regions, on a varied number of subjects, first on mobility
- doesn't call into question the sovereignty of the territorial entities
- consultation is facultatif, except in the case of the Brussels Ring

Information-forum territorial development

Agreement between the 3 Regional ministers 'territorial development', 26-11-2012

Objectives

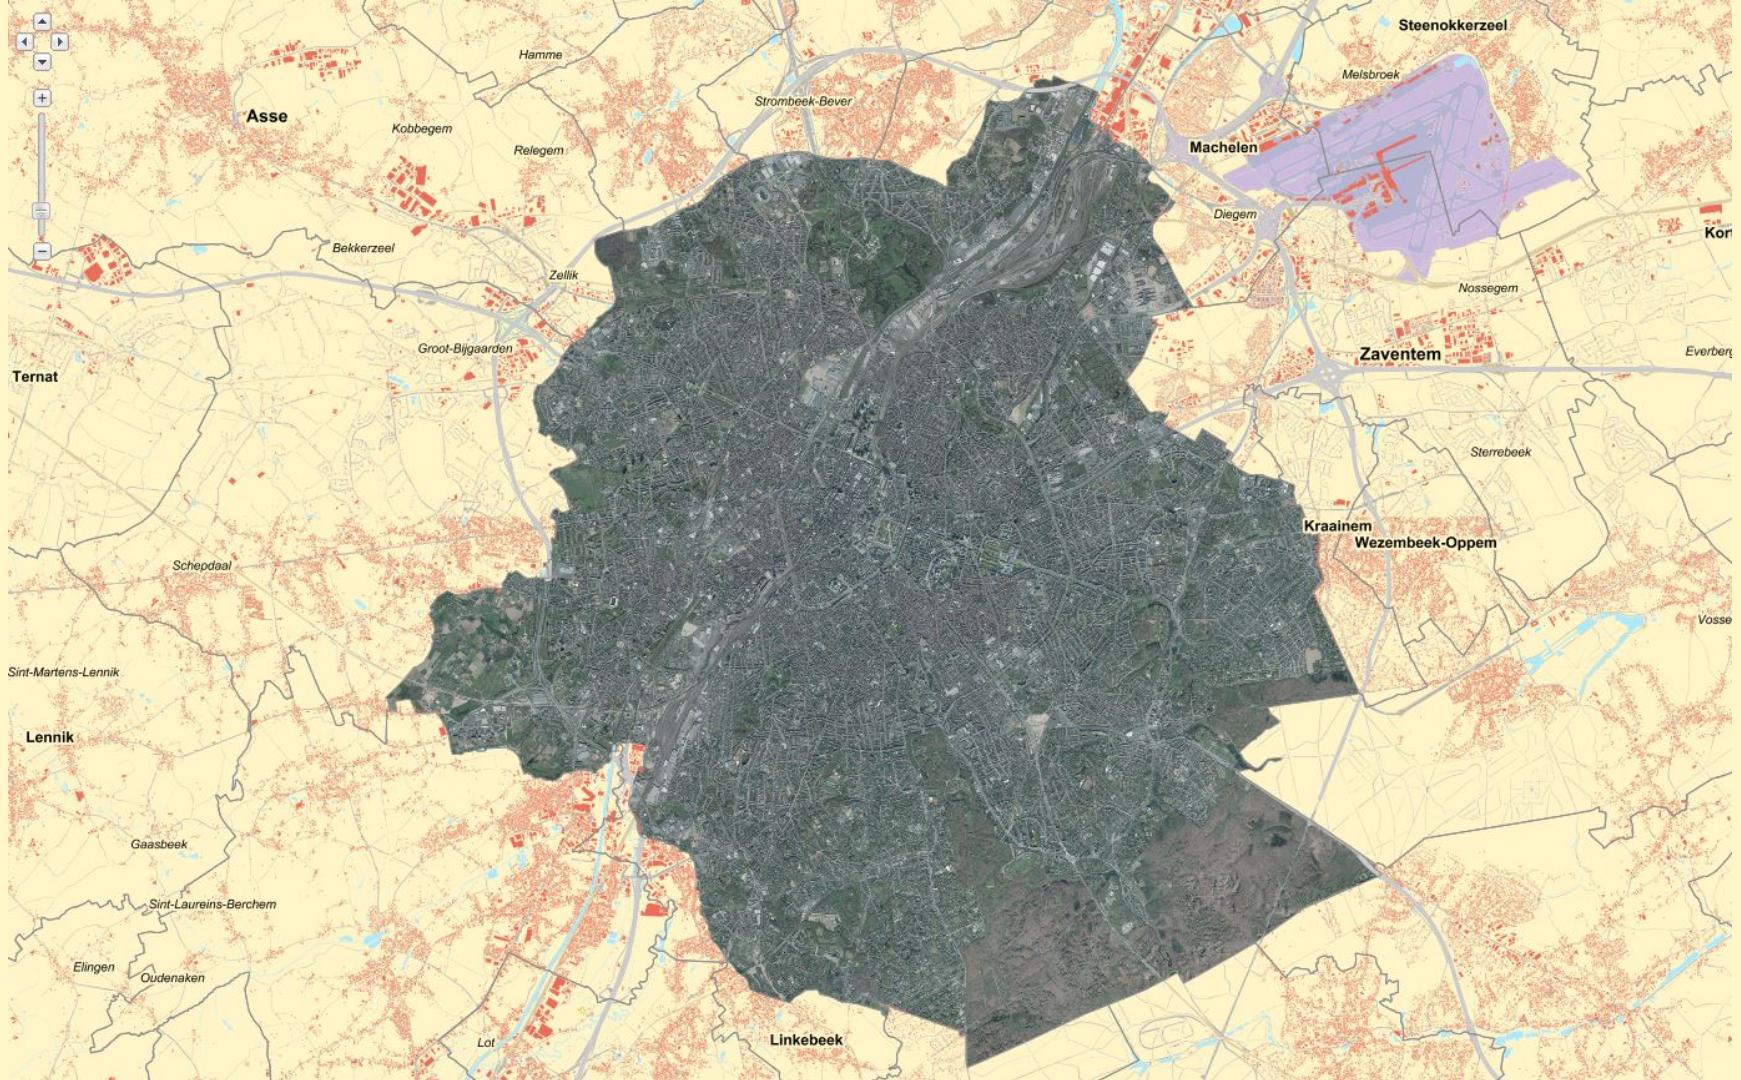

- start a collaboration over the regional borders
- guarantee the continuity of the policies
- inform each other about projects with transborder impact
- develop studies together

Since 2013: +- 4 fora / year on

- 3 new regional strategic plans: SDER, BRV, PRDD
- metropolitan data, projects, governance
- interregional mobility, planning instruments, new urban quarters, bouwmeesters,...

1. Metropolitan context : Brussels ?
